

Golden Lions KidSight

Jefferson County Information Sheet

Welcome to the KidSight vision screening program for 2017 – 2018. We are pleased to again be screening preschool, kindergarten, 1st grade and special needs students for many Jefferson county schools.

Scheduling your school

The Jeffco school nurses have requested that KidSight vision screening be done on days other than the assigned days for screening upper grades and hearing. Therefore we are asking each health aide to select a date for the screening that does not conflict with the Jeffco screening. Attached is our current schedule which you may use to select a date. Remember this schedule fills up fast and it is first come first serve so try to respond ASAP. When you respond please let us know if you have afternoon only students that we will be screening. We normally arrive at 9:00 and will return at 1:00 for any afternoon only students. If you would prefer a different time schedule just include that on your response.

General Information

As last year we will be using the Opt-Out form. This form can be downloaded from the KidSight web, <http://kidsightcolorado.org/screening-forms/> both English and Spanish version are available along with information sheets. Please ensure you distribute these forms to parents with enough time for them to return the form if they do not want their child screened.

If you are using Opt-out forms on the day of screening we will need a class roster with birth dates. Please indicate on this list any child not to be screened and any child absent that day.

We suggest scheduling screenings at about one per minute and bring kids to the screening area in groups of 10 or more to minimize the overall time.

Our screening is best performed in a room where we can locate away from windows and if possible where we can turn off some lights to obtain a darker environment.

Our email address is GoldenLionsKidSight@Gmail.com We also are adding a page on our club web site for KidSight information, www.GoldenLionsClub.org click on Community Project then KidSight.

We have two screening teams lead by Ed Dorsey and Bill Eckhardt. They may contact you prior to the scheduled screening to confirm arrangements.

If you have any question please email me or call 720-334-0114
